Barriers

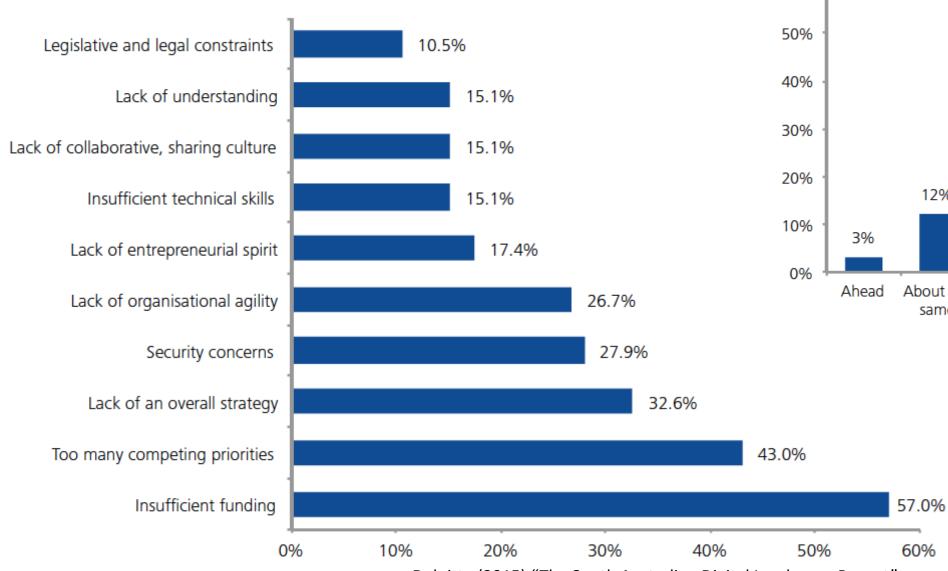

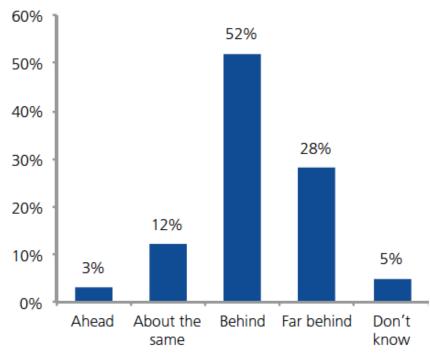

Figure 14: How do you think your organisation's digital capabilities compare to the private sector?

Deloitte (2015) "The South Australian Digital Landscape Report"

Adelaide Observatory Progress

- Data sets about locations, facilities, demographics are readily available
- Proprietary data sets are needed
 - Property register
 - Healthcare records
 - Transportation
 - Charities
 - Social networks (e.g. twitter)
 - ...
- Visualisation proof of concept

Challenges ahead

Bringing together public and private data sets and expertise

• End user data curation, analytics and visualisations

 Addressing technical, legal, and administrative barriers for data publishing and creation of applications

Digital literacy
